

# KWS INFINITY

Winter Barley

Retriever x KWS Cassia

SEEDING  
THE FUTURE  
SINCE 1856

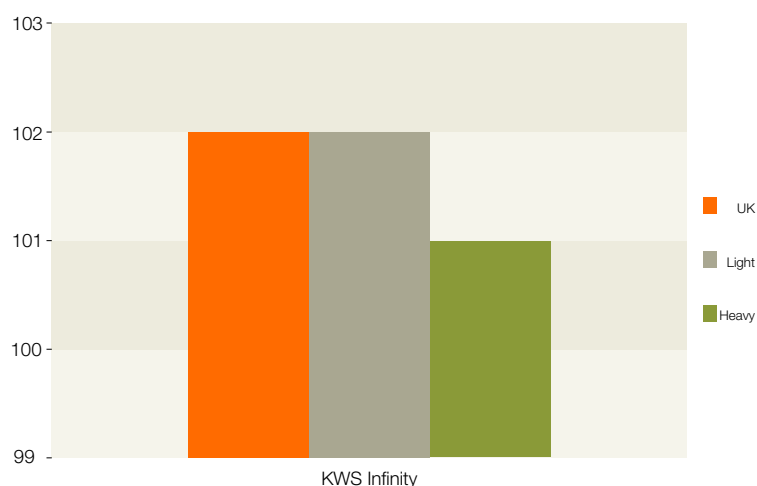

## To infinity...

- High yielding 2-row
- Big, bold 2-row grain quality
- Consistent across soil types and regions
- Solid wet weather disease resistance

KWS Infinity is one of those barleys that can cope in a wide range of situations, producing consistent yields wherever it is grown. It's got strong standing power, similar to KWS Tower, very good resistance to brackling and has medium maturity.

KWS Infinity has good resistance to the wet weather diseases and its 6 for Rhynchosporium, is better than that of KWS Glacier. We feel that its net blotch rating of 5 underestimates its resistance to this disease.

UK Yield (% Controls)

| KWS Infinity              |      |
|---------------------------|------|
| Yield (%)                 |      |
| UK                        | 102  |
| East                      | 102  |
| West                      | 102  |
| North                     | 103  |
| Disease                   |      |
| Mildew                    | 4    |
| Yellow Rust               | [7]  |
| Brown Rust                | 7    |
| Rhynchosporium            | 6    |
| Net blotch                | 6    |
| BaYMV                     | R    |
| Agronomy                  |      |
| Screenings <2.25mm        | 3.0  |
| Screenings <2.5mm         | 8.9  |
| Lodging                   | 7    |
| Maturity (+/- SY Venture) | 0    |
| Height (cm) with PGR      | 89   |
| Sp.Wt (kg/hl)             | 67.9 |
