

KWS CASSIA

Winter Barley
(Eden x Carat) x Saffron

SEEDING
THE FUTURE
SINCE 1856

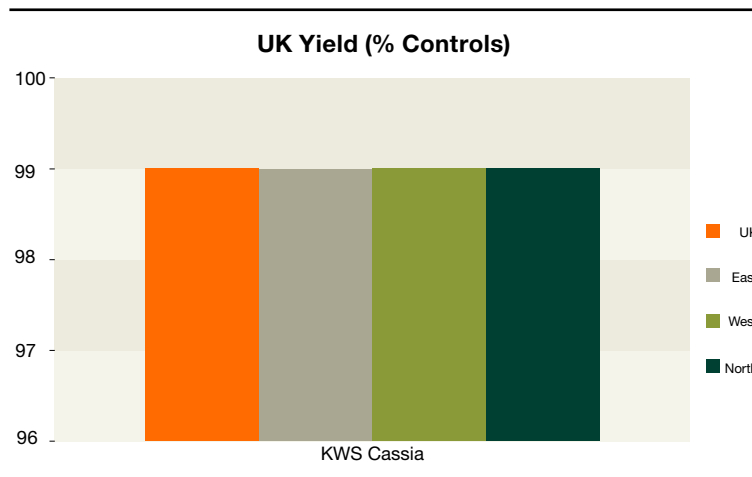

Mr “bankable”

- Superb sample
- Highest specific weight on the RL
- Short and stiff straw
- Easy to grow and is proven on farm
- Consistent over years and soil types

An ever popular bold-grained variety, KWS Cassia is still grown across close to 10% of the UK winter barley area.

KWS Cassia is free-tillering and easy to grow. Its ability to hold on to green leaf through the grain-fill period helps boost yields.

KWS Cassia is medium height, stiff-strawed, requiring a standard PGR regime to ensure security in the field.
